## Education

### Gyan Ganga Institute Of Technology And Science

Bachelor in Computer Science Engineering and Data Science

Nov. 2021 – May 2025

Jabalpur, Madhya Pradesh

### Jubilee Inter College

Senior Secondary(XII)

Year of completion :2021

Lucknow, Uttar Pradesh

### Jubilee Inter College

Secondary(X)

Year of completion :2019

Lucknow, Uttar Pradesh

## Experience

### LearnSmasher EduTech LLP

Sep 2023 - Oct 2023

Web Developer Intern

- Served as a Front-End Developer Intern at LearnSmasher Edutech LLP.
- Developed an online portfolio, a booking system, and a product landing page using **HTML, CSS, JavaScript**
- Gained proficiency in front-end technologies including HTML for structure, CSS for styling, JavaScript for interactivity.

## Projects

### QuickApp | *ASP.NET core, Angular, Entity Framework Core.*

[Github](#)

- Developed a full-stack web application using ASP.NET Core for backend APIs and Angular for the frontend.
- Implemented user authentication, role-based authorization, and permissions for secure access control.
- Designed and integrated database models (Products, Orders, Customers) using Entity Framework Core.
- Built a responsive Angular SPA with REST API integration to provide seamless user experience.

### SmartWeb Portal | *ASP.NET core, React, Vite, tailwind CSS, Entity Framework Core.*

[Github](#)

- Developed a full-stack web application using ASP.NET Core for backend APIs and React (with Vite) for the frontend.
- Designed a responsive and modern UI using Tailwind CSS, ensuring optimized cross-device compatibility.
- Integrated Entity Framework Core for database handling and implemented unit testing for backend logic.
- Followed modular architecture and best coding practices to ensure scalability and maintainability.

### Tour and Travel | *React js, Bootstrap.*

[Github](#)

- Developed a responsive Tour and Travel website using React.js and Tailwind CSS, with smooth navigation and modular components.
- Utilized Vite for fast development and build performance, ensuring optimized loading and efficient asset handling.
- Designed an engaging UI with image galleries, travel packages, and adaptive layouts for seamless user experience across devices.

## Technical Skills

**Languages:** C#, C++, JavaScript, TypeScript, SQL, HTML/CSS

**Frameworks/Technologies:** .NET Framework, .NET Core, ASP.NET Core, ASP.NET MVC, Web API, Entity Framework (EF), Entity Data Model (EDM), LINQ, ADO.NET, Angular, React js, Bootstrap

**Databases:** SQL Server, MongoDB

**Developer Tools:** Visual Studio, VS Code, GitHub, IIS

**Other Skills:** RESTful API Development, Authentication Authorization, Object-Oriented Programming (OOP), Problem Solving

## Certification

**Cisco :** CPA - Programming Essential in C++

**Cisco :** PCAP - Programming Essential in Python
